# Policy Updates – Major Policy Updates

Ref	Issue	Title
CP613	9	Connection and Operation of Mobile Generators at Low Voltage
ES397	5	Electrical Installations within Distribution Substations

# Policy Updates – Minor Policy Updates

Ref	Issue	Title
CP608	29	System Control Manual
CP608	Section 9	Parallel Matrices

# Major Policy Updates

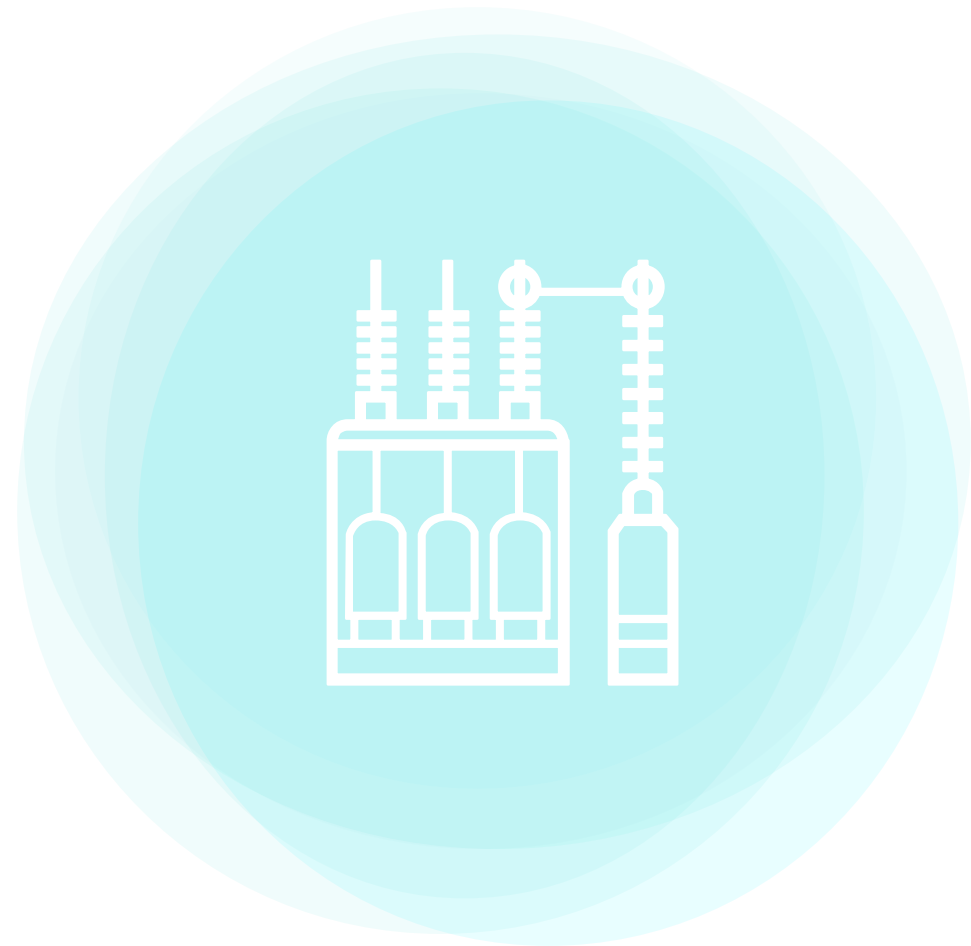

- New section 8.3.1 added for generator exhaust fumes.
- Consideration to be given during the POWRA to the siting of generators in enclosed areas to ensure exhaust fumes are not discharged into buildings or areas where persons may congregate, e.g. through windows.
- Where there is any risk of fumes entering any premises, a Carbon Monoxide monitor shall be issued to the customer.

- Review and update of document to incorporate new legislation and specifications of equipment.

# Minor Policy Updates

- CP608 Section 6 OP91 has been updated due to changes in the scheme.
- The index has been updated as a result to Issue 2.

- Routine update to paralleling matrices.
